Letter From The President

Happy Spring!

I'm so glad winter is over!

I want to talk to you about our youth. As a mom, I know how important it is to teach children how to be responsible adults and teaching them financial responsibility is a huge part of that process.

It is important to encourage them to save and develop good spending habits when they are young. Opening a savings account for your child provides a glimpse into how Credit Unions work and gives them a safe place to deposit their allowance or birthday money.

Ask us how to start your child's savings account and together we can help build a good foundation for your child's financial future.

Be sure to read the newsletter so you don't miss out on any of our promotions.

Please let me know if you have any questions or concerns.

Serving You,

Toni J. Winkas
President
